Pack Inspections are a vital part of preparing for any outdoor outing as outlined in Troop 8880's Trip Planning Policies and Procedures document. Each Scout **must** pass an inspection to be permitted to attend an outing regardless of whether they have filled out a permission slip or not. Having suitable equipment on an outing can be the difference between safe outdoor adventures and costly disasters. This form is designed to assist the Troop leadership in assessing and determining who has successfully demonstrated competency in preparing their gear prior to an outing. Pack Inspections are the Boy Scout motto in action: "Be Prepared."

Use this box if necessary to attach comments or a justification for the outcome of this report.

Check this box to certify that the Scout presented himself fully dressed from head to toe for this outing. Scouts that do not present proper attire cannot pass a Pack Inspection.

# SUGGESTED PACK LIST

*This list is designed to provide the evaluators of your gear at a Pack Inspection with a uniform standard by which to judge each Scout. This is a supplement to the pack lists found at [troop8880.org](http://troop8880.org) and in your Handbook. For example, this list mandates a First Aid Kit, but not does mandate the specific items that should be found within it (which are also required).*
